Some vocabulary you need to furnish a room:

Write ROOMS in the middle of the board and the students say all kinds of rooms they know. If some rooms are missing add them. After adding the rooms the S should name furniture which you can find in each room. Use word cards to introduce new or difficult words.

Which rooms of a house do you know?

What can you find in the living room, bedroom, kitchen, bathroom?”

Take turns.

Use the speaking substitution table below.
