Fact sheet concerning setting "Old-New"

Which buildings can we find in our town centre? Each small group chooses two buildings, one new, one old.

When were these buildings erected? Which epoch do they belong to? Which shape, form, cubature, structure do the buildings have?

Which functions do the buildings have?

What were the buildings made of? Which materials catch your eye?

How would you describe the building's character?

Building's label	Epoch	Cubature, Structure	Function	Material	Character
e.g. city hall, restaurant, school, church, ...	e.g. Gründerzeit, 20th century, today, ...	e.g. wide, long, high, low, ..., steel frame, solid structure, ...	e.g. public, private, industrial, ...	e.g. glass-fragile, transparent, smooth, rough, ...	e.g. delicate, light, bulky, lumpy, ...
